PROFESSIONAL SUMMARY

Software Engineer with strong experience in full-stack development, mobile applications, and data-driven solutions. Skilled in building scalable applications using modern frameworks, databases, and AI/ML tools. Passionate about solving real-world problems through clean architecture, efficient code, and continuous learning.

TECHNICAL SKILLS

Programming Languages: Python, C#, JavaScript

Application Development Frameworks: .NET Framework, Flutter, React

Databases: PostgreSQL, MongoDB, Firebase

AI/ML & Data Science: NumPy, Pandas, Scikit-learn, Matplotlib, Seaborn, FastAPI, Streamlit

Version Control: Git, GitHub, Git Extensions

PROFESSIONAL EXPERIENCE

Software Engineer

SECON Private Limited

September 2025 – Present

Bengaluru, India

- Developing and maintaining enterprise-level applications using modern backend and frontend technologies
- Collaborating with cross-functional teams for requirement analysis, implementation, and optimization
- Ensuring scalable, maintainable, and high-quality code through best engineering practices

Software Engineer Intern

Ganglia Technologies Private Limited

June 2024 – May 2025

Manipal, India

- Worked on full-stack and mobile-first application development with real-world use cases
- Implemented features using Flutter with MongoDB and Firebase backends
- Collaborated with designers and developers to deliver production-ready modules

PROJECTS

InsightFlow | *Data Exploration & ML Application*

2025

- Built a Streamlit-based application for dataset exploration, visualization, and basic machine learning
- Enabled dataset uploads, interactive charts, and ML workflows with automated preprocessing
- **Tech Stack:** Python, Pandas, NumPy, FastAPI, MongoDB, Scikit-learn, Matplotlib, Streamlit

Future Greens – Nutri Plus Foods | *Livestock Trading App*

2025

- Developed a mobile-first livestock trading application for small farmers
- Implemented OTP-based registration, animal profile uploads, and buyer-side filtering
- **Tech Stack:** Flutter, MongoDB, Firebase

Excel Reader AI | *AI-Powered Data Interaction Tool*

2025

- Created a Flutter-based web application to interact with Excel files using Google Gemini AI
- Enabled natural-language querying and intelligent insights from spreadsheet data
- **Tech Stack:** Flutter, Firebase, Gemini API

EDUCATION

Manipal Institute of Technology

Master of Computer Applications (MCA)

Manipal, India

August 2023 – June 2025

Mahatma Gandhi Memorial College

Bachelor of Computer Applications (BCA)

Udupi, India

August 2020 – July 2023

CERTIFICATIONS

Generative AI: Prompt Engineering Basics – IBM

Programming with Generative AI – IIT Guwahati

Machine Learning with Apache Spark – IBM

Python for Data Science, AI & Development – IBM
